Aloha Susan,

Thank you for circulating the draft meeting notes for our 6-3-21 call. Our SMEs had concerns that the some of the key points in the DOH presentation and discussion were perhaps misunderstood, as they were not captured in the draft meeting notes. Rather than editing those notes to clarify our intent, we created a short addendum to more directly describe our concerns. As we just discussed briefly, it may be easier in the future to simply record the meetings so we can go back and refer to them directly.
